CHANGING THE TRAJECTORY OF COMMUNITY HEALTH

Matching Funds Can Double Your Donation

By Ross Brooks, Chief Executive Officer

At Mountain Family Health Centers, we believe access to affordable health care is a basic human right, not a privilege. Our recently opened Basalt Integrated Health Center ensures Roaring Fork Valley residents and workers have access to high-quality, integrated, primary medical, behavioral and dental health care, regardless of one's insurance status or ability to pay. As a community, we ask for your support of this important asset.

In January 2019, we relocated and expanded our Basalt health center to a new, 9,000 square foot state-of-the-art facility located at 123 Emma Road, right off Highway 82 and next to a Roaring Fork Transportation Authority (RFTA) bus stop. At this new clinic, you can see your doctor, dentist and mental health professional at one location. Mountain Family's health care professionals work with you as a team, ensuring all your health and wellness needs are addressed in a holistic manner.

\$600,000 MATCHING GRANT

Together We Can Support Affordable Health Care

By Jon Fox-Rubin, Board of Directors

Maria struggled with her double stroller. She hesitated in the doorway of the new Mountain Family Integrated Health Center in Basalt. The red-faced infant she held pressed against her was crying. She tried to balance the awkward baby bag on her shoulder. A sniffing toddler peeked out from behind her knee.

Maria needed more than a helping hand through the door. She was worried about the baby's fever. Maria told the doctor she felt stressed and lonely at home with her children. She didn't understand why she kept crying. Maria shared that she felt scared about not being able to pay for her visit. Her voice cracked as she explained her husband's job didn't include health insurance. Maria feared they might be turned away because she couldn't afford to pay.

Because of donors like you, Maria gratefully accepted the help she needed. She received critical medical care for her baby and toddler, plus emotional support for her depression, all in this one visit. Maria gratefully paid on a sliding fee scale, leaving with pride and relief.

We all understand there is a desperate need to provide health care for hard-working families in the Roaring Fork Valley. Compassionate, affordable health care should be available to everyone. Not everyone has the same access to care, however. I am writing to you today because vulnerable families need your help.

You make a difference in a life through a donation today!

Many of your neighbors have already quietly given. There is still a gap of \$1,500,000 to fill. There is **\$600,000 in matching funds available to match the impact of your gift, but you must act now.**

Thank you for your kindness and concern. **Your gift makes a difference.**

To make a gift, please call Development Director Garry Schalla at 970-945-2840 ext 7290 (office) or 970-318-8018 (cell).
